

CS 1410
CS 1
Homework 4
Due: Oct. 22, 2012

The Assignment:

Design a spam filter.

Each class should have appropriate constructor, set methods and get methods. Make sure your driver tests all methods of your class!!!

Administration:

- Provide sufficient instructions for the user to follow.
- Turn your files into the Dropbox.

Be sure to name your file correctly and to keep a backup. Remember that late assignments will be penalized at a rate of 50% per week.

Students are encouraged to discuss this assignment, however, students are expected to turn in their own work. If assignments turned in are so similar that it is obvious one has been copied from the other, students involved will receive a zero on the assignment in question.
